

Special Announcement

Boyne City to US-31 Non-Motorized Trail Community Forum

Monday, August 16, 2010
Charlevoix Library
7:00 p.m. – 9:30 p.m.

Join us for the 2nd Boyne City to US-31 Non-Motorized Trail Forum. The goal of the meeting is to seek common ground for moving forward on the trail issue. During this meeting you can:

- Learn about the five approaches developed by the non-motorized trail steering committee for addressing the trail issue.
- Discuss the pros and cons of each approach in small groups.

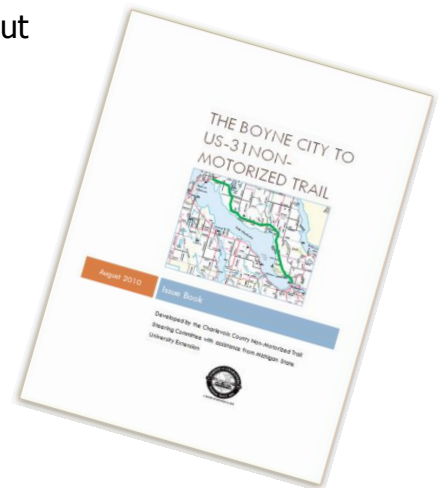

The Non-Motorized Trail Issue Book includes information about the proposed trail and the five approaches. It is very informative, **so please read the issue book before the forum.** You can get a copy at www.charlevoixcounty.org, or by contacting the County Planning Department or MSU Extension. Copies can also be viewed at the Boyne City and Charlevoix libraries.

Sponsored by the Charlevoix County Non-Motorized Trail Steering Committee.
