

Information about the maps labeled "BC-Charlevoix Road"

1. The maps are in order from Boyne City to US 31. Map #1 starts in Boyne City and Map #14 ends at US 31 near Charlevoix.
2. The red line is the centerline of the Boyne City/Charlevoix Road. The inner green area represents the area 50 feet on either side of the road center. This is the approximate location of the road right of way along **most** of the route. (The right of way extends 49.5 feet from the centerline for a total width of 99 feet.) The right of way is narrower than 99 feet in a few locations. Another map highlighting those areas is being developed.
3. The outer yellow area represents the area 100 feet on either side of the road center. It is shaded just to make it easier to estimate distances on the map. **100 feet has no particular meaning.**
